Our Penguins are BACK IN  
THE HOUSE!

Like us on Facebook  
Please let our Penguin  
Power SHINE- write a  
positive review!

We love the summer  
schedule but miss all the  
energy and smiles in the  
house- So happy to be  
back!

**It was so great to meet up with friends at Summer Splash!**

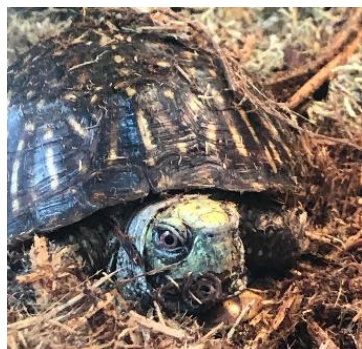

**Be sure to come up to the Upper Commons Area to see the *updated* Science and Engineering Lab-**

**Come meet our NEWEST friends, Nick the Ornate Box Turtle, two varieties of tree frogs, common and Cuban.**

**We are starting to GROW! Our Aquaponic Tanks are running! 120 tilapias will be delivered THIS Thursday! Watch the bulletin boards and newsletters to watch our gardens grow.**

**Our Engineering Area is BUILDING! Come check out our young minds at work!**

**Healthy eating habits are important in order to grow a healthy mind and body. We are setting our students up for success! Our Food Service Director, Polly, will be providing a variety of healthy and nutritious snacks daily to help our students stay ready to learn!**

**Please watch the Church bulletin and our school communications for details on a weekly early morning Adoration opportunity COMING SOON!**

Our Saints this month was St. Cosmos and St. Damian.  
 Our virtue this month was kindness.

St. Cosmos and St. Damian (Feast Day Thursday September 26) These two twin brothers were medical doctors and suffered martyrdom under Diocletian (a terror for Christians). They were not priests, just normal men. They often healed people without taking money. They were kind to everyone because Jesus was kind to everyone.

St. Please ask your students about St.s Cosmos and Damian this month.

Mrs. Hackman read Kindness to Share A to Z by Peggy and Todd Snow to all the classes.

**What makes us different makes us special...VIP FRIENDS! Through a newly implemented Friendly curriculum, we will be teaching our students not only how to be good Christians but to be really good friends. This program addresses the various challenges children face in their peer-peer relationships. The curriculum is designed to offer social and emotional learning lessons to help our students reduce stress, equip them with healthy relationship skills, and improve their focus and academic focus. This has WINNER all over it!**
