***8th Grade Coming in 2023-2024.

Frequently Asked Questions

How does my student decide on whether to choose on-level or advanced classes?

Please connect with your student's teacher to discuss the most beneficial placement. Things to consider when looking at the "bigger picture": the student's strengths, level of independence, family time, and outside activities. The goal is to challenge the student without stressing them out.

What happens if I or my student wants all advanced classes, and we find out they are struggling?

Please be in contact with the student's teacher. A determination can be made at any time to adjust.

Does my student have to take a foreign language?

Foreign language is not required in middle school. There are placement tests in high school if the student desires to enter a language course at that time. If the student continues with Spanish throughout their time at St. Jude of the Lake, the curriculum will progress to the appropriate course level and ability.

How many LINKS (Life Involves New Kinds of Skills) can my student choose?

You may choose 5 different classes. Please put them in order of preference. You will have the opportunity to participate in 3. We will do our best to make sure you have at least one of your top choices. The opportunity depends on interest.

What if my student changes their mind on the selection of LINKS (Life Involves New Kinds Of Skills) opportunities? Can it be changed?

The LINKS choices are not guaranteed. They are asked to prioritize their 5 selections in the order of most desired. Options are available based on interest. Every effort will be made to meet the request.

When will my student find out their schedule?

Schedules will be shared at the PengWINNER Splash Back-To-School Event on September 1st when students and families are welcomed back to school. Adjustments can be made per a request by the parent, student, and teacher.

Who do I contact for questions?

Please contact any one of the Middle School Teachers or the principal.
